

With You All the Way!

DEPLOYMENT KIT

Helping Children Cope with Pre-Deployment, Separation, and Reintegration

The **With You All the Way! Deployment Kit** is designed to support families with children ages six years and older that have a family member deployed with the US Military. In addition to the *With You All the Way! Dealing with Deployment* DVD, created by The Trevor Romain Company in collaboration with the USO, the kit is filled with resources that help and comfort military children and their families.

“When I was a little girl, my dad was in the Army and I wish I had something like this. For my daughter to be able to hold Cuzzie and have a special box to put things that remind her of her dad is wonderful!”

—Parent Ramstein Air Base
